WWW.JOINVIDROS.COM.BR

Fundação

Fundada em 1991, anteriormente conhecida como Vidraçaria Silvano, a Joinvidros funcionava em uma pequena sala comercial contando apenas com a mão de obra do próprio sócio fundador, Valdeci Silvano da Rosa.

A empresa expandiu seus negócios no ano de 2016, com a aquisição de sua primeira Têmpera de vidro localizada em Palhoça/SC.

Voltada ao atendimento de vidraçarias em toda Santa Catarina, possui também sua própria linha de ferragens e alumínio, uma unidade completamente estruturada para venda do vidro temperado, box, ferragens, acessórios e kits para vidros.

Possuímos uma logística integrada, onde podemos oferecer e garantir agilidade na entrega dos produtos aos clientes.

Além da excelência no atendimento, o grupo está sempre em constante desenvolvimento, buscando o que há de melhor para seus clientes e parceiros.

Missão

Produzir e comercializar produtos de qualidade

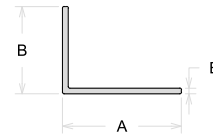

Visão

Ser uma empresa referencia no sul do Brasil

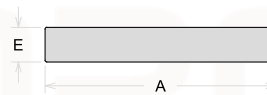

Valores

- Excelência no atendimento
- Comprometimento
- Agilidade
- Transparência
- Respeito
- Satisfação do cliente
